

Science, Technology, Engineering and Math Scholarship Class of 2022

The Souderton Telford Rotary Foundation Science, Technology, Engineering and Math Scholarship (STEM) is a one-time monetary award of at least \$2,000. It will be awarded to a graduating senior at Dock Mennonite Academy High School who plans to study science, engineering, mathematics or technology at a four-year college or university and then pursue a career in a field that has a focus on science, engineering, mathematics or technology. Interested 2022 graduating seniors should complete the application noting the applicant's required qualification as listed below, and return to the applicant's high school guidance office by Monday, March 21, 2022.

***Applications must be completed digitally, using the fillable form. See instructions below.**

Applicants must meet the following requirements and explain them in a letter of application:

1. Applicants must demonstrate a focus on the study of science, technology, mathematics or engineering related courses during high school. Applicants must demonstrate a focus on one or more of these academic areas in extra curricular activities.
2. Applicants must have a record of service within the school community or community-at-large. The number of service hours for school or community service will be required in the application.
3. Applicants must plan to pursue college/university level study in science, technology, mathematics or engineering at a four-year college or university.
4. Applicants must complete the attached application. Applications will be screened by a Souderton-Telford Rotary Foundation Committee. **Finalist applicants will be invited to interview with the committee via Zoom.**

5. If pandemic restrictions permit, applicants must agree to visit a Souderton Telford Rotary Club meeting to make a presentation about their career plans, if they are awarded this scholarship.

The scholarship is based on merit, not on family need.

The scholarship will be paid directly to the scholarship recipient.

***Rotary Scholarship Application Submission Instructions:**

1. Download and save a copy of the application PDF, either “SoudertonTelfordRotary-Business-Arts-Humanities-Scholarship-Application-2022.pdf” or “SoudertonTelfordRotary-STEM-Scholarship-Application-2022.pdf” to your computer.
2. Open the application PDF and respond to the questions by typing into the fillable fields.
3. With all questions answered, save the completed application.
4. Print the completed application and sign (both student/applicant and parents/guardian(s)).
5. Please submit the completed/signed application to the Guidance Office, along with typed responses to questions A and B on page 2:
 - A. What field of study and career do you plan after high school?
 - B. Describe how your planned study and career will contribute to society.
