### Tuition Information

- Monthly tuition payments are due August through May.
- A \$1,500 "multi-student" discount will apply for each additional K-12 student who is not receiving the Mennonite Education Plan rate.
- Tuition is billed and collected using a tuition management system (FACTS). Families have several payment options in FACTS. Fees are charged based on the option selected (\$45 annual fee for monthly billing, \$30 for quarterly billing).
- A 2% discount will apply for families paid in full by August 15. The 2% discount will be reflected in FACTS for all families that choose "full pay." If full payment is not received by August 15, the 2% discount will be removed in FACTS, which will change the amount due.

### Church Assistance

Some congregations provide financial assistance to families by paying all or part of the tuition cost. Contact your congregation to inquire about assistance they may provide.

### Financial Aid

Our commitment is to be affordable for all families seeking Christian education. Dock provides more than \$1.5 million in tuition assistance to families annually—including tuition-paying families that also receive partial church assistance. Applications for tuition assistance may be obtained from the Admissions Office.

### Visitation Days

Dock offers scheduled visitation days throughout the year, when prospective students will be hosted by a current student and experience a typical day, including classes, chapel, and a complimentary lunch. Please contact Doug Hackman, Admissions Director, at 215.362.2675, ext. 106, or [dhackman@dock.org](mailto:dhackman@dock.org) to schedule a visit.
