### **Nut Precautions:**

If your child has a severe food allergy which requires an EPIPEN, inform the administration office. A food plan and parent-specific permissions are in place for all students with known severe food allergies. Teachers and kitchen staff receive EPIPEN training annually. Contact the cafeteria with any questions.

Regarding peanuts:

- Our kitchen staff is taught to prepare foods without cross-contamination
- Sandwiches containing peanut butter are fully wrapped

### **LUNCH COST:**

High School: \$3.75 per meal

### **PAYMENT METHODS:**

1. Dock Mennonite Academy is now using **schoolcafe.com** and a “cashless” point-of-sale system. <https://www.schoolcafe.com> provides account use at both campuses, and the ability to pay for meals online using credit/debit cards or electronic checks.

You can:

- Create Low Balance Alerts
  - Check Account Balances
  - Track & Review Meal History
  - Set Up Automatic Recurring Payments (service charge is a % of total amount paid)
  - Make one time payments from a computer (service charge is a % of total amount paid)
- To register for an account, go to <https://www.schoolcafe.com> Your student’s ID number is the current Dock Mennonite Academy ID number utilized for the library and cafeteria.

- 2. Checks Received at School
  - If making payment directly to the school, we encourage personal checks made payable to Dock Mennonite Academy Food Service Account rather than cash. Submit your check along with a *Food Service Account Payment Form* (found on our website or at the main office). Indicate the student name(s) and the amount of money for each account.
  - Lunch program checks should be separate from tuition payments.

## **ID CARDS/PROCEDURES**

The cafeteria point-of-sale system utilizes bar code readers and PIN pads to track student spending.

## **LUNCH REPORTS AND SPENDING LIMITS**

If your family is utilizing **schoolcafe.com**, 7-day history reports are available online. If you are not enrolled in ParentOnline.net, student account history reports are available upon request.

The cafeteria system also includes the capability for families to set limits by student: daily spending limits, dessert limits, and a la carte limits. For further information concerning reports or limits, please contact Bill Lorah ([wslorah@dock.org](mailto:wslorah@dock.org)).

## **NATIONAL SCHOOL LUNCH PROGRAM**

The National School Lunch Program offers free and reduced-price school lunches to families who qualify. Qualifying families include those receiving benefits from the Supplemental Nutrition Assistance Program or Temporary Assistance for Needy Families. Families qualify if their gross income is within the limits on the Federal Income Guidelines.

Please refer to [our website](#) for the National School Lunch Program letter, instructions, and application. Return the completed application to Kim Walters by Friday, August 12, 2017.

## **FOOD SERVICE CHARGING POLICY**

Dock Mennonite Academy school system recognizes the role a complete and balanced meal plays in the success of its students both academically and physically. As a school, our policy is that we will never deny any student a meal.

The first step in this process is to inform all families that we participate in the free and reduced meal program in accordance with the National School Lunch Program guidelines. Families can find applications for free and reduced meals on the school website, in the main office at either campus, on the PA department of education website, and on the USDA website. The application can be done on-line or a paper application can be handed in at the school. This application if approved allows the student to receive the full meal at the reduced price or free depending upon the approval received. The free and reduced meal prices are not retroactive. They are effective from the date approved by the school food authority, until 30 days into the next school year. The school food authority will process the application in a timely manner that complies to the National School Lunch Program guidelines. All students are eligible to apply for free and reduced meals. The School district will take all steps in accordance with the National School Lunch Program guidelines to assure all students on the free and reduced program are not overtly identified at any time. Families may apply for the free and reduced benefits at any time during the school year and are encouraged to apply when financial changes occur within the family.

The meal charging policy herein reflects Dock Mennonites Academy position of feeding our student body. This policy applies to all students at all grade levels.

### Account Funding

Dock Mennonite Academy has established a system for funds to be added to a student's account. This can be done in several ways. Parents or guardians may apply funds through the online meal payment system <https://www.schoolcafe.com>. This payment portal allows families to access their students account, review purchases, and add funds to their students account. Families are reminded to set low alert balance reminders so their students account does not become delinquent. Families may also apply funds to their students account by sending cash or check to the school and noting that the funds are for their student's cafeteria account. Families can request to have reports run from the cafeteria highlighting activity on their children's' accounts.

### Low Balance Reporting

Dock Mennonite Academy will inform students during the lunch service if their balance is below ten dollars. Once the account reaches four dollars, low balance letters will be emailed or mailed to families. The low balance letters are mailed weekly. If a student's balance reaches negative \$25.00 or more, the family will receive a phone call from a school official and a letter will be mailed home to the parent or guardian. Follow-up will continue weekly with the family until the account becomes current. At no time during the food purchasing process will the student be held accountable for the funds/delinquencies on the account. The food service account and the funds on the account are the responsibility of the parent or guardian.

When a student's account has become depleted of funds, the student will still be allowed to charge a complete meal to their account. As long as the student's account balance is in the negative, the student will only be allowed to charge a complete meal in accordance with the National School Lunch Program guidelines. The student will not be allowed to charge any extras and will be encouraged to consume the complete meal. A complete meal includes a main entree, fruit, vegetable, milk or juice, and may include a dessert.

### Year-end Policy for account balances

Dock Mennonite Academy's policy is to carry positive balances forward each year until the student graduates or the parent request a refund. Graduating seniors with positive balances that have siblings in our school system will have their balances transferred to the siblings account. For graduating seniors without siblings, all balances over \$10.00 but under \$75.00 will be sent home with the students in the form of cash. Balances over \$75.00 will be mailed to the parent or guardian at the address on file, in the form of a check. Parents and/or guardians may request to pick-up any funds under 10.00 dollars at the main office of either campus. These funds will be held for the first 30 days of the new school year. Any refunds not claimed in the first 30 days will be considered abandoned and subsequently forfeited by parents or guardians to the school. At the end of the school year, the school has the right to transfer balances between siblings to cover delinquent accounts.

All delinquent accounts should be brought current one week prior to the last day of school, following one of the above funding procedures. All accounts not made current one week after the last day of school will be zeroed out and the negative balance will be shifted to the Business office. Any payments coming in after that time will be made through the Business office. All accounts not made current could result in grades or transcripts being held.

The school food authority will do all that is needed to assure all the above requirements are followed out in accordance with the National School Lunch Program Guidelines.
